

Technical Notification 7

DATED: July 5, 2007

Spin Clarifications - Intermediate and lower levels (singles and pairs)

At the intermediate and lower levels, the technical panel shall utilize the following criteria when determining the skater's/team's level of difficulty for the following spins:

1. Spin in one position without change of foot

If a basic position is not attained, the skater/team shall receive no higher than a level one, and variations shall not be awarded.

2. Spin in one position with a change of foot

If a basic position is not attained on either foot regardless of variations attempted, the skater/team shall receive no higher than a level one, and variations shall not be awarded.

3. Flying spin in one position

If a basic position is not attained, the skater/team shall receive no higher than a level one, and variations shall not be awarded.

4. Combination spin with or without change of foot

The technical panel shall follow ISU requirements in determining the skater's/team's level of difficulty.

Basic positions for sit spin, camel spin and upright spins as defined in ISU Communication 1445 are applicable.

To be utilized at the following events;

- 1) All U.S. Figure Skating nonqualifying competitions; and
- 2) All U.S. Figure Skating qualifying events for the 2007-08 competition season, including the 2008 U.S. Junior Championships.
